9   Malad Mumbai, Maharashtra, India

Profile

Recent B.Sc. IT graduate from the University of Mumbai with a strong foundation in web development and modern programming practices. Skilled in building user-friendly, responsive, and visually appealing web interfaces using HTML, CSS, JavaScript, and React.js. Passionate about problem-solving, clean code, and continuous learning, with a commitment to applying technical expertise to develop efficient, scalable, and impactful web applications.

Project

Online Learning Platform

- Designed and developed a online learning platform providing free access to courses for all users.
- Built a dynamic Admin Panel enabling administrators to add, update, and delete courses, ensuring easy content management using PHP language.
- Implemented responsive UI/UX with React.js, Bootstrap, and CSS for cross-device compatibility.
- Focused on scalability and maintainability, making the platform adaptable for future enhancements.
- Technologies: React.js, JavaScript, HTML5, CSS3, Bootstra, PHP and MySQL
